

MEET YOUR *Radiologist...*

DOLORES FERNANDEZ, MD

WHY I CHOSE HEALTH CARE

"Being blessed with a near photographic memory made radiology a logical choice for me."

FELLOWSHIP: St. Francis Hospital, Evanston, IL, Special Imaging, Computerized Tomography, Ultrasonography, Angiography, Interventional Radiology Procedures

RESIDENCY: St. Francis Hospital, Evanston, IL, Diagnostic Radiology

INTERNSHIP: St. Francis Hospital, Evanston, IL, Diagnostic Radiology

MD: Loyola-Stritch School of Medicine, Forest Park, IL

BS: Northwestern University, Evanston, IL, Biology and Psychology

CERTIFICATION: American Board of Radiology

DEPARTMENT OF RADIOLOGY

In the Department of Radiology, Dr. Fernandez uses state-of-the-art equipment to provide high-quality, high-speed images. Her specialties include MRI and breast imaging.

HOSPITAL AFFILIATION: Provena Covenant Medical Center

Dr. Fernandez enjoys photography, and she has had some of her pictures featured on magazine and calender covers. She plays poker and also designs and creates most of her own jewelry.

"My life has been touched by breast cancer in many ways.

This makes women's imaging special to me.

Most people don't realize it because we are not in the front lines of health care, but radiologists save lives."
