

Meet Your General Surgeon

Frederick P. Haynes, MD

It has been exciting to incorporate the advances in technology and expanded treatment options that have developed during the course of my practice. I enjoy working with the other professionals at Christie Clinic and feel our teamwork approach enhances patient care.

Why I chose Health Care

"I was inspired by my father, a general surgeon in St. Louis, and have long admired his dedication to his patients. Although it takes time away from my family, it brings me tremendous satisfaction and joy to see my patients' health improve."
